## Models DMD 2250, DMD 2260, and DMD 2270

Disc mowers from Uniform Machinery Corporation offer you the quality and performance you can depend on!

With working widths from 7' - 6" to 9' - 2" these time tested machines offer you unsurpassed performance and dependability at an unbeatable price.

Standard heavy duty Series 5 pto with overrunning clutch, adjustable/removeable hitch pins, extra large bearings specially manufactured for extremely demanding working conditions, forged steel cutting discs, and a proprietary safety release to protect your investment are just a few of the features you normally expect to find

on much more expensive machines. If you are serious about your machinery and want the best, go with the DMD series.

Forged Steel Discs For Even Product Flow and Clean Cutting. Low Profile Bar And Specially Disk Profile Mean Smoother Cut, Reduced Bunching, Lower Horse-Power Requirement. Abrasion Resistant Steel Slides and Stone Guards Mean Less Down Time, Longer Bar Life!

The Entire Bar. The Gear Drive System Turns At Half the Speed of Shaft Drive Systems Meaning Longer Life and Less Down Time for You!

Heavy Duty Heat Treated Gears and Extra Large High Speed Bearings Assure Long Life. Disc Bearings Can Be Removed W/O Dissassembling the

### DMD Series Mower Specifications

Model	2250	2260	2270
